

Assisted Living defined: This person is dependent on others for help with their care and to oversee their personal safety. He or she will be capable of walking with or without assistance and/or uses a wheelchair independently (or with assistance). Requires assistance with one or more ADL's (eating, bathing, dressing, toileting, transferring and walking, continence). Some people may require staff assistance and supplies to manage incontinence of bladder or bowel or both. May require occasional reassurance and/or redirection (verbal) by staff due to moderate confusion, disorientation, anxiety and/or agitation.

Memory Care defined: This person is dependent on others for help with their care and to oversee their personal safety (up to and including exit doors that are alarmed and/or locked). He or she will require assistance with one or more ADL's (eating, bathing, dressing, toileting, transferring and walking, continence). May require staff assistance and supplies to manage incontinence of bladder or bowel or both. Requires frequent redirection and/or intervention (hands-on or limited 1:1 assistance) by staff due to ongoing confusion, disorientation, anxiety, agitation, refuses care, refuses medications, sundowning syndrome, exit seeking and other disruptive/repetitive behaviors.

		Companion Room	Private Room
Assisted Living (Room & Board* plus typical Care Plan**)	Starting at	\$ 105.00/day = \$3150/mo.	\$120.00/day = \$3600/mo.
Memory Care (Room & Board* plus typical Care Plan**)	Starting at	\$ 130.00/day = \$3900/mo.	\$145.00/day = \$4350/mo.

*- Standard Room & Board includes: Furnished room (includes bedding and linens), all utilities (including broadcast TV channels via facility antenna, cable TV is available for extra cost), standard meal service (3x daily plus snacks any time), standard medication management (up to 8 medications administered 2x daily, taken whole, swallowed with water or juice), weekly laundry service, daily access to bathing facilities and 24 hour supervision by staff.
